Dancing the night away, the CC community roams from the big band in Gates Hall, to a d.j. under the tent and on to the ska band in Great Armstrong Hall. Although it was held on campus, the dance was a huge success for it brought the spirit of homecoming back to its roots.

Attempting to gain a competitive advantage, a CC diver leaps into the pool during a relay competition. An enthusiastic crowd cheers on their favorite swimmers at Schlessman Pool.

On dry land, swimmers gather after a meet to discuss their performance and drip dry under the comfort of their team coats. These long, black jackets made the swim team easy to spot in or out of the water.

Mentally preparing for the strenuous laps ahead, the competitors anticipate the starting signal. At this December meet, the Tigers faced in-state rivals Metropolitan State College and the University of Northern Colorado.

After a well played game against Mount Holyoke, the team models their trophies - wet and muddy physiques. Soggy fields and pouring rain filled the week long spring break trip to California.

Jeff Short controls the tempo of the game against the New York Institute of Technology. By cradling the ball, Short protects it from the opposing team.

In a muddy battle, C.C. fights to regain control of the ball in a game against the University of Denver. The men's team finished the season as RMILL champions for the second year in a row.

Office of
The President

Dear Class of 1996:

Congratulations to all of you! You celebrate this milestone with another milestone in the college's history—the 25th anniversary of the Block Plan. After commencement, I hope you will continue to watch the college's progress. As you begin a new chapter in your life, please remember that you will always hold a special place in the history of the college.

We at the college hope that we have effectively fostered your creative and analytical abilities in a way that will allow you to lead productive lives as professionals, contributing citizens, and human beings. If we have done our job right, the journey of discovery and learning on which you embarked four years ago has only just begun. Having learned how to learn, you should be well equipped to do just that—for a lifetime.

That lifetime stretches ahead of you and Colorado College will always be part of it. Although you may be leaving the boundaries of the CC campus, you will never cease to be members of the CC family.

Heartfelt congratulations, Class of 1996!

Sincerely,

Kathryn Mohrman
President

With a bid farewell
to the falling sun,
two students are
caught in the dying light
of sunset on the
colorado river.
in touch with nature,
appreciating its beauty
and ours within it...
colorado college
students are definitely
laid back, at ease...pure cc.
